Our picturesque KEDR CITY welcomes its guests from 2016 and has no analogue in design in Primorsky region. The focus is on a special ecological philosophy that fully reflects the original beauty of our region.

At the same time, the complex is ready to offer its guests a European level of comfort and impeccable service. The goal of the designers was to create the most self-sufficient establishments using natural materials such as Canadian cedar, which has a beneficial effect on the health of our guests.

The KEDR restaurant's cuisine will delight you with selected steaks of the best beef, and you can also enjoy classic European dishes.

The varied menu is complemented by finely selected wine and cocktail lists.

Enjoy your meal!

DEGREES OF STEAK DONENESS

RARE

In the cut – red meat, along the edge of which an appetizing crust of a darker color is formed. The internal temperature of steak is 35–40 °C.

MEDIUM RARE

In the cut meat has a bright red-pink color. In such a steak, there is less "blood", but it has pink juice. This type of meat roasting is determined by the temperature of 40–45 °C.

MEDIUM

The most popular level of steak doneness. As a rule, meat is not "bloody", but when pressed, pink juice flows out. The internal temperature of meat is about 50–55 °C.

MEDIUM WELL

In the cut meat is more gray-brown. The internal temperature of steak is 55–60 °C.

WELL DONE

This is already fully roasted meat, absolutely gray-brown in the cut. The internal temperature of meat is about 65–70 °C.
